Annual Project – Frankenstein

Based on the annual project (Frankenstein), the students will write stories about monsters which will then be selected to be represented on the day of the exhibition as part of a “Freak Show”.

#### **Unit II – FASHION**

Students work on specific vocabulary and expressions and then they will design and make their own costumes to be presented at a fashion show.

The idea is to make these costumes out of garbage or recycled material following the “trash fashion” concept.

#### **Unit III – FOOD AND RESTAURANTS**

Students will work on the specific vocabulary and expressions and then they will prepare a menu for a specific restaurant.
