COMO JESÚS, DESCUBRAMOS LO VALIOSO QUE HAY EN CADA UNO PARA PONERLO AL SERVICIO

ANNUAL PLAN & EXAM SYLLABUS

Unit I – WAS FRANKENSTEIN A ROBOT OR A ZOMBIE?

Annual Project – Frankenstein

Based on the annual project (Frankenstein), the students will work on bibliography and information to compare the characteristics of robots and zombies and how they can be associated with Shelley's creature.

They will work on specific vocabulary and prepare presentations to show the different theories based on the relationship between Frankenstein and robots and zombies.

They will make posters to show at the institutional exhibition.

Unit II – FASHION AND SOCIETY

Students will work with the documentary "The true cost" based on the environmental, economic and social effects of fashion.

They will prepare information and make presentations about the different topics awarded to each group.

They will also prepare a questionnaire/quiz to share with the rest of the school on how much we know about the effects of fashion in our lives.
